Writing activity - Imagine you lost something that was precious to you

In *Raid of the Ratskull Rodents* Gus the cat has to try and find something precious for his beloved owner.

IMAGINE that you are in Gus' paws, but this time YOU have lost something precious; what would you do?

Think about...

- How would you feel?
- Who would you tell?
- Would you get in trouble for losing it?
- Where would you start looking?
- Would you need an outfit to help you find it?

Make some notes first: planning is **such** an important part of any writing.
